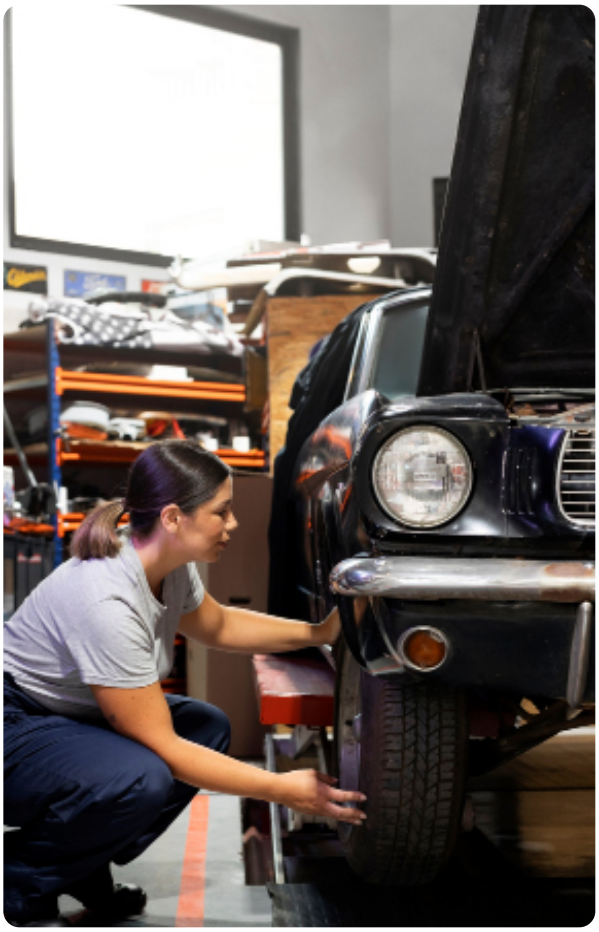
INTRODUCTION

The Specialty Equipment Market Association (SEMA), along with its Performance Racing Industry (PRI) and Off-Road Business Association (ORBA) subsidiaries, are supporting the nation's 70+ million automotive enthusiasts and over 1.3 million employees of the automotive aftermarket industry by providing non-partisan information on the major-party candidates who are running for federal office in 2026.

Our government affairs team has seen firsthand how the decisions made in Congress and the halls of state capitols can have a lasting impact on not only members of SEMA/PRI/ORBA, but also the entirety of the automotive aftermarket industry and the consumers who use our industry's products. To effectively advocate for policy issues that are core to our mission, we must elect leaders who will be champions for our industry, and policymakers hear a clear, strong, and unified voice from those impacted the most by their decisions.



A clear, strong, and unified voice from those impacted most by policy decisions.

70+ MILLION
AUTOMOTIVE ENTHUSIASTS

1.3+ MILLION
AUTOMOTIVE AFTERMARKET EMPLOYEES

ABOUT THIS GUIDE

SEMA's 2026 Voter Guide is intended as a resource for prospective voters so that they may be armed with the knowledge of which candidates best represent their values as they pertain to the automotive aftermarket. Each candidate is evaluated based on their positions on a series of recent SEMA-supported legislation in the U.S. House of Representatives and the U.S. Senate. First-time candidates have been sent a survey requesting their position on SEMA's priority issues, to be released at a later date.

Yea	*Nay*
A 'Yea' means the lawmaker was in support of SEMA's position on that particular bill.	Conversely, a 'Nay' indicates opposition to SEMA's stance.

Scorecard Reading Key

Yea	Nay	Not Voting

Please note that not all bills make it to the House or Senate floor for a full vote. In such cases, we highlight the sponsors and cosponsors for these bills to indicate their support.

LEGISLATIVE LANDSCAPE

There are 435 members of the U.S. House of Representatives, each serving two-year terms. Every seat in the House is up for re-election in 2026. Republicans currently hold a slim majority with 218 seats, while Democrats hold 212 seats. There are four vacant seats, and one independent (who caucuses with the Republicans).

The U.S. Senate is composed of 100 senators, with each state represented by two senators. Senators serve six-year terms, and elections are staggered so that roughly one-third of the Senate is up for election every two years. In this election cycle, 35 Senate seats are up for reelection. Currently, the Senate is composed of 53 Republicans, 45 Democrats, and 2 Independents (both members caucus with the Democrats).

MEMBERS OF THE U.S. SENATE

SEMA-SUPPORTED BILLS

One BIG Beautiful Bill Act:

The One Big Beautiful Bill Act included several key provisions that provided tax certainty for industry businesses, incentivized American-made cars, and gave much-needed support to small businesses. Notably, the One Big Beautiful Bill Act made permanent the reduced tax rates for individuals and pass-through businesses that were passed on a temporary basis in 2017 and would have expired. Additionally, the bill provided deductions to taxpayers who purchased U.S.-made vehicles from 2025 through 2028.

HOUSE

House Sponsor (H.R. 1):

- Rep. Jodey C. Arrington (R-Texas)

SENATE

Senate Sponsor (H.R.1):

- The One Big Beautiful Bill remained H.R. 1 throughout the legislative process and was not assigned a separate Senate bill number. The Senate took up and amended the House-passed bill rather than introducing and advancing its own companion Senate bill.

Since there was no Senate companion bill, there were no Senate sponsors for the bill.

Congressional Review Act Resolution to Rescind California's Advanced Clean Cars II Waiver

The California Air Resources Board (CARB) issued its "Advanced Clean Cars II" (ACCII) regulations in 2022 which mandated an increasing percentage of vehicles sold be electric vehicles leading up to a complete ban on the sale of new internal combustion engine vehicles by 2035 in states that adopted ACC II, which comprised nearly 40% of the U.S. market. The Biden-Harris Administration granted California a waiver from the Clean Air Act (CAA) to enact this policy in December 2024. To overturn California's CAA waiver for ACC II, the House and Senate passed H.J. Res. 88, a Congressional Review Act resolution that rescinded California's Advanced Clean Cars II waiver in favor of preserving vehicle choice.

HOUSE

House Sponsor (H.J. Res 88):

- ✔ Rep. John Joyce (R-PA)

House Cosponsors (H.J. Res 88):

- ✔ This resolution had 41 cosponsors. Representatives who cosponsored this CRA have a checkmark in the voter guide.

SENATE

Senate Sponsor (S.J. Res 45):

- ✔ Sen. Shelley Moore Capito (R-WV)

Senate Cosponsors (S.J. Res 45):

- ✔ This resolution had 31 cosponsors. Senators who cosponsored this CRA have a checkmark in the voter guide.

Motorsports Fairness and Permanency Act:

The Motorsports Fairness and Permanency Act would permanently allow motorsports entertainment complexes to depreciate their investments over a seven-year period. Without congressional action, racetracks' depreciation period would revert to a period of up to 39 years. Making the incentive permanent would provide track owners with important certainty for making long-term investments.

HOUSE

House Sponsors (H.R. 2231):

- Rep. Claudia Tenney (R-NY-24)
- Rep. Davis, Donald G. (D-NC-1)
- Rep. Shreve, Jefferson (R-IN-6)
- Rep. McGuire, John J. (R-VA-5)
- Rep. Soto, Darren (D-FL-9)

House Cosponsors (H.R. 2231):

- This bill has 42 cosponsors. Representatives who cosponsored the bill will have a checkmark in the voter guide.

SENATE

Senate Sponsors (S. 1763):

- Sen. Todd Young (R-IN)

Senate Cosponsors (S. 1763):

- This bill has 17 cosponsors. Senators who cosponsored the bill will have a checkmark in the voter guide.

Outdoor Americans with Disabilities Act:

The Outdoor Americans with Disabilities Act protects motorized trail access for individuals with disabilities and the broader OHV community. The bill would effectively create a minimum amount of road and trail access on lands managed by the U.S. Bureau of Land Management (BLM) and U.S. Forest Service and requires the agencies to consider the impacts that road and trail closures would have on disability access to public lands. Currently, large portions of federally managed lands restrict motorized access, which creates a barrier that prevents individuals with disabilities and mobility challenges, including veterans and many older Americans, from accessing and recreating on public lands.

HOUSE

House Sponsors (H.R. 9221):

- Rep. Mike Kennedy (R-UT-3)

House Cosponsors (H.R. 9221):

- There are currently no cosponsors on this bill.

SENATE

Senate Sponsors (S. 2968):

- Sen. Mike Lee (R-UT)

Senate Cosponsors (S. 9268):

- Sen. John Curtis (R-UT)

ADAS Functionality and Integrity Act (also known as "Right to Modify"):

The ADAS Functionality and Integrity Act (H.R. 6688) would ensure that aftermarket businesses have the information needed to properly calibrate Advanced Driver Assistance Systems (ADAS) after vehicles are modified or customized. This bipartisan bill would establish a federal framework to ensure that Advanced Driver Assistance Systems (ADAS) function properly after a vehicle is customized or modified. H.R. 6688 directs the National Highway Traffic Safety Administration (NHTSA) to study the impact of common vehicle modifications on ADAS and empowers the agency to develop data-driven guidelines that specify how much a vehicle can be modified without compromising ADAS functionality. The bill seeks to ensure that vehicle owners and automotive aftermarket companies have the information they need to modify and customize vehicles with advanced safety features.

This legislation is critical to being able to safely make common modifications, including installing bike racks, wrapping a vehicle, installing larger wheels and tires, or installing a winch or aftermarket bumpers, without compromising the functionality of ADAS.

HOUSE

House Sponsors (H.R. 6688):

- Rep. Diana Harshbarger (R-TN)

House Cosponsors (H.R. 6688):

- Rep. Jay Obernolte (R-CA-23)
- Rep. Gabe Vasquez (D-NM-2)
- Rep. Norma J. Torres (D-CA-35)
- Rep. Ryan Mackenzie (R-PA-7)
- Rep. Zoe Lofgren (D-CA-18)
- Emilia Strong Skyes (D-OH-13

SENATE

Senate Sponsors

- There is currently no Senate companion bill.

MORE INFORMATION

Advocacy: SEMA relies on the efforts of an engaged membership to advance our advocacy at the federal and state levels. Visit sema.org/advocacy to learn about our issues and how you can get involved.

Drive The Vote: Need help registering to vote and learning how to cast your ballot in the November election? SEMA's Drive The Vote initiative provides you with social media assets, messages, and links to vetted resources that you can use and share to increase our industry's engagement on Election Day. Visit sema.org/vote to learn more.

SEMA Action: SEMA Action is a national grassroots effort mobilizing the 70 million automotive enthusiasts, vehicle clubs, content creators and SEMA/PRI members to fight for automotive freedom, small business protections, de-regulation, among the handful of other SEMA priority issues. Visit semahq.org to get involved or follow along on social media at @semaaction.

SEMA & PRI PAC: A political action committee, or PAC, is an organization that pools campaign contributions from members and donates those funds to campaigns for or against candidates, ballot initiatives, or legislation. PACs are formed by trade associations and other groups to support candidates who align with their interests.

Driving Force Action: Driving Force Action (DFA), a project of SEMA, is the political voice for the builders, racers, business owners, manufacturers and enthusiasts powering the automotive aftermarket industry. Our industry has a $337 billion economic impact to the U.S. economy and supports 1.3 million American jobs. Driving Force Action is a 527 Super-PAC, which can raise unlimited funds and file independent expenditures on behalf of a candidate. DFA will endorse and run ads in support of candidates who are strong leaders on SEMA's priority issues, or conversely, oppose those who actively seek to enact policies that will harm our industry. To donate to DFA or learn more, please visit drivingforceaction.org.

Driving Force Fund (DFF), a project of SEMA, educates Americans about how automotive policy impacts their daily lives. DFF engages drivers, automotive enthusiasts, racers, aftermarket businesses, and working Americans who believe government should protect the freedom to drive, repair, modify, build, and race vehicles. Through education and advocacy, DFF informs both the automotive aftermarket industry and the nation's 70 million automotive enthusiasts about the policy decisions and elected leaders that shape vehicle choice, individual freedom, small businesses, American jobs, and the future of the industry. As a 501 (c) (4), DFF also conducts polling, research, and data analysis to better understand the priorities of automotive voters and communities, and produces voter education resources, including voter guides, to help Americans make informed decisions about the issues and candidates that impact the automotive aftermarket.

Paid for by Driving Force Fund (www.drivingforcefund.org) and not authorized by any candidate or candidate's committee.
